Awaken School of Outcome Oriented Psychotherapies Limited

Awaken School of Outcome Oriented Psychotherapies Limited provides, nationwide, a programme of UKCP accredited training, the successful completion of which enables individuals to register with the Hypnotherapy Section of UKCP as Accredited Psychotherapists.

Awaken School, formerly Centre Training is a Training and Accrediting member organisation (MO) of UKCP. Since its formation in 1989, UKCP has been and still is the leading body in the Psychotherapy profession, with a membership of over 80 organisations with 6000+ Registrants. These 80+ Member Organisations (MOs) of UKCP are divided into 8 sections, one of which is the Hypnotherapy Section, to which we belong with five other members.

UKCP aims to encourage high standards of training and practice in psychotherapy, and the wider provision of psychotherapy for the general public. UKCP produces an annual register of practitioners (National Register of Psychotherapists). Membership of this register is available only through a UKCP member organisation, and is dependent upon meeting the entry requirements for both UKCP and Awaken School.
